

Are you SunSmart?

Unprotected skin can be damaged most months of the year in NSW.

Protect your skin in five ways when UV is 3 and above:

Slip on clothes that cover your arms and legs

Slop on SPF 30 or higher, broad spectrum, water resistant sunscreen and reapply every two hours

Slap on a broad brimmed hat or one that covers the head, face, neck and ears

Seek shade, particularly over the middle part of the day when UV is highest

Slide on close fitting sunglasses
